

“Buy-a-Tile” for the San Diego Automotive Museum Murals

The Committee of One Hundred brought back the long-missing murals that originally graced the entrance to the 1935 California State Building in Balboa Park's Palisades area. The temporary murals (below) were the first step in our fund-raising campaign to recreate these four murals in permanent ceramic tiles.

“Buy-a-Tile” now for \$500 for each tile (\$250 for a border tile).

Smaller donations can be combined to Buy-a-Tile. Enter information on next page and mail to us.
