"Buy-a-Tile"
for the
San Diego Automotive Museum Murals

The Committee of One Hundred brought back the long-missing murals that originally graced the entrance to the 1935 California State Building in Balboa Park's Palisades area. The temporary murals (below) were the first step in our fund-raising campaign to recreate these four murals in permanent ceramic tiles.

"Buy-a-Tile" now for $500 for each tile ($250 for a border tile). Smaller donations can be combined to Buy-a-Tile. Enter information on next page and mail to us.
I want to “Buy-a-Tile”

My name: ___________________________________________________
My address: _________________________________________________
My e-mail: ___________________________________________________
My phone: ___________________________________________________
Specify tiles you wish to buy below: (e.g., Transportation #143 and #144):

___________________________________________________________

Recognition message (public will see):

__________________ ________________________________________

Your message can contain up to about 49 characters max: Your name, another person or group, in memoriam, in recognition of, or anonymous; each tile can recognize a different individual).
